BETTER CROPS WI

The Pocket Bo

TABLE OF CONTENTS

JANUARY 1950

The Old Century ..... *Jeff McDermid* 3
Wheat Improvement in Southwestern Indiana ..... *H. R. Lathrope* 6
More Corn from Fewer Acres ..... *Murry C. McJunkin* 13
Fertilizer Trends in South Carolina ..... *B. D. Cloaninger* 17
Know Your Soil I. Delanco Sandy Loam ..... *J. B. Hester, F. A. Shelton, and R. L. Isaacs, Jr.* 20
More Fish and Game ..... *Verne E. Davison* 23
A Simplified Field Test for Determining Potassium in Plant Tissue ..... *S. W. Melsted* 26
Uncultivated Orchards ..... *David S. Clarke* 40

FEBRUARY 1950

Splintered Acres ..... *Jeff McDermid* 3
Fertilizer Placement for Vegetable Crops ..... *Alvin C. Thompson* 6
Put the Bee on Southern Agriculture ..... *G. B. Killinger and John D. Haynie* 11
Food for Thought About Food ..... *Firman E. Bear* 14
Boron for Alfalfa ..... *K. C. Berger and E. Truog* 19
All Factors Are Important ..... *Roy H. Anderson* 21
Use Crop Rotations to Improve Crop Yields and Income ..... *Harry H. Gardner* 22

MARCH 1950

Here Overstecken! ..... *Jeff McDermid* 3
Soil Testing in Georgia Is Rolling Onward ..... *L. C. Olson* 6
Metering Dry Fertilizers and Soil Amendments into Irrigation Systems ..... *F. S. Fullmer* 8
Food for Thought About Food ..... *Firman E. Bear* 15
Better Safflower Is Here ..... *C. B. Sherman* 21
Extension Education in Soils in Wisconsin ..... *C. J. Chapman* 22
Can We Afford Enough Fertilizer to Insure Maximum Yields? ..... *L. G. Zinn* 26

APRIL 1950

Buoyant Belgium ..... *Jeff McDermid* 3
Birdsfoot Trefoil—A Promising Forage Plant ..... *A. R. Midgley* 6
Potash Production—A Progress Report ..... *J. W. Turrentine* 12
Economic Agriculture, A Reality at Last? ..... *Ivan E. Miles* 17
Know Your Soil II. Evesboro Loamy Fine Sand, III. Sassafras Sand ..... *J. B. Hester, F. A. Shelton, and R. L. Isaacs, Jr.* 20
Year-round Green ..... *R. Y. Bailey* 22
Potash Helps Keeping Quality of Cabbages and Tomatoes ..... *Clyde Beale* 39

MAY 1950

Gumbo and Gumption ..... *Jeff McDermid* 3
Physical Soil Factors Governing Crop Growth ..... *R. Earl Storie and Walter W. Weir* 6
Reseeding Crimson Clover Adds New Income for the South ..... *James A. Naftel* 11
Alfalfa—Its Mineral Requirements and Chemical Composition ..... *Firman E. Bear and Arthur Wallace* 13
Potassium Cures Cherry Curl Leaf ..... *A. R. Albert* 19
The Production and Utilization of Perennial Forage in North Georgia ..... *Orien L. Brooks* 21
Fertilizers Help Make Humus ..... *R. E. Stephenson* 24

ITH PLANT FOOD

Book of Agriculture

January 1950 to December 1950

JUNE–JULY 1950

Those Were the Days ... *Jeff McDermid* 3
Alfalfa—Its Mineral Requirements and Chemical Composition ... *Firman E. Bear and Arthur Wallace* 6
Further Photographic Hints for Agricultural Workers ... *Ross E. Hutchins* 13
Potash Tissue Test for Peach Leaves ... *H. L. Garrard* 17

AUGUST–SEPTEMBER 1950

Our America ... *Jeff McDermid* 3
Alfalfa—Its Mineral Requirements and Chemical Composition ... *Firman E. Bear and Arthur Wallace* 6
Trends in Soil Management in Peach Orchards ... *Harry K. Bell* 13
Boron Improved Meadow ... *W. D. Bashore* 18
Bermuda Grass Can Be Used in Corn Rotations ... *Glenn W. Burton and E. H. DeVane* 19
1949 Tomato Champions ... *Roscoe Fraser* 22

OCTOBER 1950

Fall Maneuvers ... *Jeff McDermid* 3
Planned Forage Production and Fertilization Pay ... *Lester H. Binnie* 6
Keep Crop Residues on Surface of Ground ... *J. H. Stallings* 9
Band the Fertilizer for Best Results with Row Crops in Western Washington ... *Karl Baur and F. T. Tremblay* 17
Know Your Soil IV. Conestoga Silt Loam, V. Collington Sandy Loam ... *J. B. Hester, F. A. Shelton, and R. L. Isaacs, Jr.* 21
Indiana Muck Crop Champions ... *Roscoe Fraser* 24
Royce Mitchell Succeeds with Complete-farm Plan ... *Gordon Webb* 25
Season-Long Pasture ... *H. M. Hofford* 44

NOVEMBER 1950

Hope and Promise ... *Jeff McDermid* 3
Tall Fescue in the Southeast ... *R. Y. Bailey* 6
Corn Is a Superior Crop ... *H. J. Snider* 12
The Minor Element Problem ... *Firman E. Bear* 14
Tree Symptoms and Leaf Analysis Determine Potash Needs ... *G. D. Worswick* 19
Insect Control Goes With Cotton Fertilizer Plan ... *Roy H. Anderson* 23
Farming With Green Manures ... *George R. Cobb* 24

DECEMBER 1950

A Toast to the Holidays ... *Jeff McDermid* 3
Surveying the Results of a Green Pastures Program ... *Ford S. Prince and George B. Moore* 6
Higher Fertilizer Applications Recommended in Wisconsin ... *C. J. Chapman* 10
Erosion Removes Plant Nutrients and Lowers Crop Yields ... *J. H. Stallings* 13
Plenty of Moisture, Not Enough Soil Fertility ... *Wm. A. Albrecht* 20
The Southeastern Farmer Makes the Change ... *George H. King* 22
Sugar Cane and the Soil ... *George Samuels* 25
Know Your Soil VI. Elkton Sandy Loam ... *J. B. Hester* 39
